

INTERNATIONAL ADOPTION

In order to provide families with a wider variety of international adoption programs Christian Adoption Services, Inc. coordinates adoptions from China, India, Thailand, Ethiopia, Kazakhstan and Russia through World Association for Children and Parents, WACAP. Under this arrangement CAS provides direct services, specifically the home study, post placement services and re-adoption services while WACAP serves as the placing agency. As a Hague accredited agency, CAS works closely with WACAP to ensure the services provided are Hague compliant and address all requirements of USCIS, WACAP and the foreign country.

For specific information on placement fees associated with each program please visit the WACAP web site at www.wacap.org.
